

## The Queen's Platinum Jubilee Day

This year, The Queen's Platinum Jubilee celebrations mark her 70 years of dedicated service. We as a school have come together to celebrate this very important event and what a great day we have had!

Each class has participated in a range of exciting activities, such as creating art portraits of The Queen - using a range of different mediums and children have also learnt about the history of her reign. They have enjoyed eating special Jubilee shortbreads to end our celebrations. These were specially made by Mrs Merrick, please see some pictures on Twitter.

The staff at Brackenwood Juniors have enjoyed welcoming parents and carers at the end of the school day on Friday to look at the wonderful art your children produced.

## Sun safety

Due to the weather forecast starting to improve over the weekend, we are sending out a reminder about sun safety. Please ensure your child has a named water bottle in school each day, as well as a sun hat. Please apply sun cream before school. If your child needs to apply sun cream in school, please remind them not to share with other children due to potential allergies. In addition, children are welcome to bring in sunglasses to wear during break times. During particularly hot days, we will be encouraging children to all spend some of their free time in the shade.
