

Brackenwood Junior School ANTI-BULLYING POLICY

The Anti-bullying policy should be read in conjunction with the Anti Bullying Guidelines and the Behaviour Policy, as together these establish the general ethos of the school.

Aims

The staff of Brackenwood Junior School are always concerned for the well-being and welfare of our pupils. We encourage all our pupils, as well as adults, to follow the Brackenwood Junior School Code of Conduct. However, occasionally children do complain about being bullied or intimidated by another pupil or pupils – this might be name-calling, teasing, jostling or punching.

We do not tolerate any form of bullying at Brackenwood Junior School and will always do our best to successfully solve the problem as we believe that only in a caring and protective atmosphere will our children be able to learn to the best of their ability.

Objectives

- 1. To ensure a happy, safe, secure environment where all children can achieve their full potential and feel valued.
- 2. To ensure children have a clear understanding of the school Code of Conduct and are encouraged to follow it.
- 3. To ensure clear procedures are in place for children, staff and parents, should an incident of bullying occur and to provide a transparent, easily understood system for responding to reported incidents of bullying.
- 4. To ensure all staff are fully aware of the different types of bullying and effects and consequences which can occur.
- 5. To ensure all staff are aware of signs and symptoms which may indicate that a child is being bullied.
- 6. To raise aspects of bullying through the curriculum, giving children the opportunity to explore different issues.
- 7. To ensure that all those connected with Brackenwood Junior School understand what is meant by the term 'bullying' and are made aware that bullying behaviour will not be tolerated under any circumstances.
- 8. To prevent and deal with any behaviour deemed as bullying.
- 9. To promote a school ethos where bullying is regarded as unacceptable by everyone.
- 10. To nurture the values of responsibility, duty and respect, both for oneself and for others.

The Definition of Bullying -

"A wilful, conscious desire to hurt or threaten or frighten someone else." (Elton)

"Bullying is any behaviour which is deliberately intended to hurt, threaten or frighten another person or group of people. It is usually unprovoked and is often repeated and can continue for a long period of time. It usually reflects an imbalance and abuse of power. Bullying behaviours are aggressive although they may not seem so." (Sonia Sharp)

Bullying:

- Is a form of aggressive behaviour which is usually hurtful and deliberate. Both physical and emotional aspects of bullying can be seen as aggressive
- It is invariably persistent, sometimes continuing for weeks, months or even years.
- It is difficult for those being bullied to defend themselves.
- An underlying feature is an abuse of power and a desire to intimidate and dominate.
- Bullying behaviour can be subtle.
- Bullying Activity can be a covert activity witnessed by children and not by adults.

Bullying takes a variety of forms. The following covers the most significant of these:-

Physical Hitting, kicking, taking or damaging belongings.

Verbal/written
 Name calling

Insulting

Repeated teasing Racist remarks

Threats

Abusive or hurtful letters, notes, pictures, texts or

Emails

Indirect – 'Psychological'

Spreading nasty rumours

Excluding someone from groups
Moving away as a person approaches

Leaving notes

Failure to speak to acknowledge a person

The 'look'

Unless checked 'low key' bullying such as shoving or name- calling can escalate if the bully finds that the bullied pupils respond in a particular way.

It is important not to underestimate the significance of the non-physical forms of bullying. Those who have suffered from bullying often report that they recover from

any physical injury or pain much more quickly than they get over the feelings of humiliation, anxiety or fear.

Signs and Symptoms of bullying

Indications that child may be being bullied:

There is no foolproof way of knowing whether a child or young person is being bullied. Bullying is a covert and even secretive activity. Reducing bullying therefore involves effective communication between members of staff and parents as part of a school culture where talking about bullying and asserting one's right to feel safe are viewed as particularly important.

The following are some useful indicators which can lead to a more detailed discussion of what is happening to a young person.

- Unexplained bruises, scratches, cuts, bite marks;
- Belongings repeatedly going missing;
- Refuses to say why he/she is unhappy;
- Distressed at the thought of going to school;
- Refuses to go to school;
- Frightened of walking to school alone;
- Changes route to school;
- Has started taking longer to get home from school;
- Seems withdrawn / unhappy or in a world of his/her own
- · Cries at bedtime;
- Returns home with torn clothes or damaged schoolwork;
- Returns home hungry (lunch/snack money stolen);
- Asks for more money than usual or steals money (to pay off bully);
- Loses interest in schoolwork or finds it harder to concentrate;
- Refuses to go out to play or stops going to cubs / brownies in the evenings or at weekends.

Effects and consequences of bullying

Bullying is an aggressive and abusive activity which is potentially very harmful and dangerous.

There is often a need to impress upon members of the school community the serious consequences of letting bullying continue without taking any action.

These effects can be seen at any or all of the following levels:

INDIVIDUAL LEVEL - SAFETY AND HAPPINESS OF PUPILS

- Lives are made miserable injury/self-harm
- Loss of self confidence low self esteem increasingly
- Isolated as others 'move away'
- Poor self esteem self blame
- Truancy
- Poor concentration affects learning and levels of achievement
- Subject options choice to avoid other children
- Later adult disturbance/depression, death

CLASSROOM LEVEL

- Dynamics of the class group can maintain bullying
- Bystanders learn that bullying works they learn 'putdowns' and ways of exerting power – 'ripple effects'.
- Disruption and unease within the classroom.
- Class 'ethos' research found 'hotspots' i.e. high level of bullying in some classes.

SYSTEMS LEVEL

- 20% of those being bullied take time off because of it.
- Educational achievements.
- Bullying results in a reputation for being an ineffective, uncaring school;
- A school that parents would not top to send their children to.
- Provides a poor model of behaviour that affects the ethos of the school.

FACTORS WHICH INFLUENCE CHILDREN IN BECOMING BULLIES OR VICTIMS

It may also be useful for school staff to consider what are the factors which may predispose some young people to becoming involved in bullying situations.

Children who bully

Homes Little status gained – little verbal interaction physical/verbal aggression

features.

Parent models bullying behaviour – few rewards/praise limited interest in

the child.

Negative sanctions

Individual

Low self-esteem-Low academic attainments Charisma/dominance Few positive skills

School

no rules/boundaries/
Intervention
No policy re unacceptability
Models of teachers bullying – covert support
Opportunities to bully –
Geography of the school

- lack of supervision
- poor communication with parents

CHILDREN WHO ARE VICTIMS

Home

possibly overprotective – not allowing independence – non-assertive models Lack awareness about growing up

Lack of 'street cred' – poor appearance

Individual

minor disabilities – clumsiness – physical features – lack of assertion – sensitivity, few friends – quiet – problems making/retaining friendships

Low self-esteem – few attributes

School No acknowledgement – no security

No policy – weak pastoral system No communication with parents

Reporting Bullying – what to do **if** bullying takes place

Bullying, both verbal and physical, will not be tolerated in this school. It is <u>everyone's</u> responsibility to prevent it happening and with this in mind the staff and governors have laid down the following guidelines.

- 1. Pupils should report to class teacher or teacher/supervisor on duty if incident happens during playtime or lunch time
- 2. Class teacher or teacher on duty should then report incident to Head Teacher.

Incident should be logged by teacher or Head Teacher

- (i) The teacher and/or a senior colleague should record (a) the type of incident; (b) the age of bully/victim; (c) location of incident; (d) first or repeat offence; (e) staff involved; (f) who information passed to.
- (ii) The parents/carers of the pupils involved should be informed of the above
- (iii) The parents/carers of the pupils should be asked to respond to the above and this should be recorded
- (iv) Copies of the above written records should be placed in the pupils' files.
- 3. This information will be used to establish facts from basis of interview with parents.
- 4. <u>Action</u> Children concerned interviewed by Head Teacher, Sanctions put into place school monitoring staff briefed, parents informed.
- 5. How can we check false allegations?
 - i) Witnesses
 - ii) Evidence, registers etc.,
- 6. Governors be informed by Head Teacher if deemed appropriate.

The school will

- Support children who are being bullied inform parents of victim and person bullying.
- 2 Help bullies to change their behaviour.
- Take bullying seriously and find out the facts of any incident.
- 4 Be equally concerned about bullying to and from school.
- Record incidents of bullying in a consistent way that allows for monitoring of behaviour.
- 6 Discuss the Code of Conduct and agreed class and school rules with all children.
- 7 Including discussions about bullying in our PSHE curriculum.
- 8 Request help from SEN Support Services and Educational Psychologist where necessary.

9 Involve the police where necessary.

The school will react firmly and promptly where bullying is identified. There are a range of strategies available (as outlined in the Behaviour policy) to the staff depending on the perceived seriousness of the situation. Some of these are:

- a) Discussions with parents and children,
- b) Referral to senior staff
- c) Withdrawal of favoured activities Behaviour Policy
- d) Exclusion from school during lunchtime
- e) Exclusion from school
- f) Use of Circle Time
- g) Peer Support

Responsibilities of staff

Teachers should take bullying seriously and find out the facts of any incidents.

They should:

- a) meet those concerned individually
- b) use peer group pressure to actively discourage bullying
- c) break up groups where bullying appears to be happening
- d) involve parents of both parties at an early stage
- e) help children develop their self-confidence and greater self-esteem.
- f) Keep accurate records through behaviour and bullying logs.

Curriculum

The anti-bullying policy will be supported through teaching across the whole curriculum. Each class has a session for Circle Time where each child has an opportunity highlight issues and concerns in a non-threatening situation.

The school is part of the DfES SEAL project and delivers a specific theme each half term of which bullying is one. This forms part of the PSHE curriculum. The PSHE curriculum identifies areas where anti-bullying issues might be included (see Long Term Plan in PSHE policy).

Pastoral Advice

There are many reasons why a child may be unsettled at school. Bullying is always a possible cause.

When a parent thinks their child is being bullied they should inform school immediately and request an interview with the member of staff directly concerned in dealing with the incident.

If a parent is dissatisfied with the outcome of this interview, the headteacher should be

contacted and an appointment will be made for further discussion.

We ask parents to remember that it is everyone's responsibility to prevent bullying if possible, and to allow staff time to investigate the problems. All reports will be investigated as promptly as circumstances allow.

WE REQUEST PARENTS NOT TO APPROACH PUPILS DIRECTLY INVOLVED IN BULLYING WHILST THEY ARE ON THE SCHOOL PREMISES; SUCH MATTERS SHOULD BE DISCUSSED WITH A MEMBER OF STAFF.

Advice to children from staff

This is the advice we give to children when they complain of being bullied.

- 1 Try being assertive tell the bully firmly you are not going to stand for this treatment.
- 2 Try not to show that you are upset we know this can be hard.
- Try to ignore the person who is being a nuisance.
- 4 Walk quickly and confidently even if you don't feel that way inside.
- Get your friends together and say no to the bully and remind the offender that once you have said no, if they continue, they are a bully.
- If you are different in any way, be proud of it it's good to be an individual.
- 7 Avoid being alone in places where bullying happens.
- 8 If you are in danger, get away.
- 9 Tell an adult you can trust.

Advice from Staff to children who may be involved on the periphery:

- 1 Don't stand by and watch fetch help.
- 2 Show that you and your friends disapprove.
- 3 Give sympathy and support to children who may be bullied.
- 4 Be careful about teasing or personal remarks imagine how you might feel.
- If you know someone is being seriously bullied, tell a trusted adult. It isn't telling tales, the victim may be too scared or lonely to tell.
- 6 Follow the Code of Conduct at all times.

Advice to Teachers

Watch for early signs of distress in pupils.

Listen carefully and record all incidents.

Offer the victim immediate support and help. If necessary inform your line manager and/or the headteacher.

Make clear to the bully and his/her parents that the behaviour is unacceptable.

Ensure that all accessible areas of the school are patrolled at break, lunch and home times.

Use all your pupils as a positive resource in counteracting bullying.

Responding to bullying

- 1. Staff should respond to bullying immediately.
- 2. Incident should be recorded, reported to Head Teacher who will contact parents if necessary.
- 3. Support should be put in place to help a child who has been bullied in the form of talking through the issues, looking at relevant story books, working with parents to raise child's self-esteem and confidence.
- 4. A monitoring system should be carried out by all staff who come into contact with the pupil to ensure bullying has stopped.
- 5. Bullying can be persistent and may recur. If bullies expect follow up action and monitoring of behaviour, they are unlikely to start bullying again. Follow up enquiries with bullied children are essential to check that bullying has not started again. In the short term-(within two
 - weeks)and longer term(within the following half term)

Roles and responsibilities

- 1. All staff have a responsibility to ensure that children are learning in a safe and secure environment and that break and lunchtime systems adhere to school policy on behaviour.
- 2. The Head Teacher will keep the Governing Body informed of any amendments which may need to be made to this policy.
- 3. All staff have a responsibility to implement this policy and review it with the Head Teacher.

Monitoring and Evaluating the Policy

The headteacher and deputy will monitor the recorded number of bullying incidents annually and the information gathered will be under the headings specified in 'Recording' section. Additional discussions about issues arising from Circle Time, Parents' Evenings, School Council meetings will be brought to the attention of the SMT and dealt with appropriately.

Working Party

Those who have been involved in the formulation of this policy include: Headteacher Deputy
Governors
PSHE Co-ordinator
School Council Representatives

Review

The Head Teacher will keep the Governing Body informed of the effectiveness of this policy.

This policy will be reviewed annually and Consideration will be given to its effectiveness through review of incidents and any issues raised dealt with by SMT and consultation with stakeholders.
