POLICY FOR SOCIAL, MORAL, SPIRITUAL AND CULTURAL DEVELOPMENT

At Brackenwood Junior School, we recognise that the personal development of pupils, spiritually, morally, socially and culturally, plays a significant part in their ability to learn and achieve.

Guidelines

All curriculum areas have a contribution to make to the child's spiritual, moral, social and cultural development and opportunities for this will be planned in each area of the curriculum.

Opportunities for SMCS within the classroom are included in teachers' Thematic Curriculum planning which identify key skills and content being delivered and developed.

All adults model and promote expected behaviour, treating all people as unique and valuable individuals and showing respect for pupils and their families.

The school community will be a place where pupils can find acceptance for themselves as unique individuals.

Pupils should learn to differentiate between right and wrong in as far as their actions affect other people. They will be encouraged to value themselves and others.

Pupils should understand the need for rules and the need to abide by rules for the good of everyone. School and classroom rules should reflect, reiterate, promote and reward acceptable behaviour and provide opportunities to celebrate pupils' work and achievements.

All curriculum areas should seek to use illustrations and examples drawn from as wide a range of cultural contexts as possible. This will be reflected in teacher's planning and purchasing decisions.
